This assessment helps people to understand themselves and others while learning to appreciate the different behavioral preferences and tendencies each person brings to the workplace.

If you have an Everything DiSC on Catalyst Facilitation Kit, enter that serial number to access the Practitioner Experience free for one year. Note, you can only use a serial number once; multiple Catalyst users cannot redeem the same serial number. Everything DiSC on Catalyst, Workplace, Agile EQ, or Management Kit holders who enter their kit serial number into the Catalyst Practitioner Experience page within Catalyst on or before December 31, 2025, are eligible to access a FREE upgrade for their first year of Catalyst Practitioner Experience. After one year, kit holders who have upgraded will need to pay the renewal fee to maintain access to the Catalyst Practitioner Experience.

1. Check your email for your Catalyst Practitioner Experience confirmation and serial number.
2. Navigate to catalyst.everythingdisc.com and log in to your account.
3. Click **Account Settings** from the sidebar navigation.
4. Click the **Practitioner Experience** tab and enter the serial number found in the confirmation email. Note, the serial number can only be used once.
