

2025-11-14 Proposed Agenda

- 1. Heather - Introduce Marylin.
- 2. Heather / Marylin - Update the group on where they are with reviewing the subject list and soliciting school staff to teach some of the classes. They may also have some modifications to the list.
- 3. All - Discuss and agree on the process of getting down to 10 parallel sessions (start of this email), including timing. Part of this is whether lower-interest topics could get combined into a single room (per #3 above) or whether higher-interest topics could be offered in multiple rooms at the same time (to keep the class size down).
- 4. All - Have a clear plan for who (RRHS Staff or Rotary) will be developing and delivering each subject content. Start putting down names if possible.
